EXPERIENCE

Web Developer

June 2023 - Present

Colour Art

- Designed and implemented user-centric front-end interfaces, ensuring seamless and interactive user experiences by utilizing modern web technologies and frameworks. Prioritized responsive design and optimized performance to create engaging and dynamic web pages.
- Developed robust back-end systems, effectively managing server-side logic and integrating databases. Implemented secure and efficient data retrieval and storage mechanisms, ensuring data integrity and optimizing system performance for scalable web applications.

Creative & Technical Director

Aug 2018 - June 2023

Benchmark Media Entertainment, Regal Star Productions, StarCentral Media Group, Luxe Management, Style by Wesson

- Skilfully managed and optimised digital assets for various projects, including fashion runway shows, rehearsal events, and multi-party celebrations, ensuring timely delivery of high-quality final outputs within a 2-day turnaround time.
- Leveraged expertise in multiple DCCs, including After Effects, DaVinci Resolve, and Final Cut Pro to build custom tools and workflows such as PowerGrades and node tree presets that streamlined the post-production process for commercial video advertisements and web media, consistently exceeding client expectations.

Data & Inventory Processor, Sales Assistant

Sept 2017 - Dec 2022

Rebel Chatswood/Centrepoint

- Lead optimisation of online order workflows using Microsoft Excel, resulting in a 15% increase in online sales, customer satisfaction and growth as the highest-ranked department at Rebel Sports.
- Demonstrated exceptional teamwork and communication abilities in collaborating with different departments, delivering high-quality customer service, and closing sales, leading to an overall increase in store performance and customer satisfaction.
- Utilised strong organisational skills to enhance pick-packing operations, delivering a 20% increase in processing speeds for the footwear and clothing departments, showcasing adaptability and efficiency in a fast-paced production environment.
